

Looking to repair a Symbol / Motorola / Zebra MC3000, MC3090 or MC3100 PDA?

Our repair and refurbish package deal fixes
ALL COMMON FAULTS

\$275! FIXED PRICE

Ex. GST, inclusive of return freight!

The refurbish package fixes most issues by replacing:

- Backup battery
- Screen protector
- Hand strap, stylus and stylus tether if worn or missing
- Keypad plastic buttons
- Keypad bubble board, if keys not working
- Main seal, if needed
- Scanner flex cable, if needed. Cause of most scanner not working issues
- Screen cracks, scratches, dents and sensitivity issues that can be resolved by replacement of the digitiser at the front of the LCD
- Complete functional test
- Return shipping included.

We offer FREE inspection and quote – no charge for return if quote not accepted

Contact us: info@purposebuilt.com.au or +61 2 9906 7300

Also, bulk repair discounts are available!

If needed, the following are available in addition to the base package:

- MC3000 LCD** replacement
- MC3100 LCD** replacement

- Scanner engine replacement (rarely needed)
- Front cover replacement (for charging faults involving damaged/corroded charging pins)

** LCD is the 'Liquid Crystal Display', found behind the front glass (digitiser) that creates the formal picture on the screen.

Just need batteries?

\$70 each ex. GST +
\$15 per consignment freight
