Looking to repair a MC70, MC75 or MC75A PDA?

AUSTRALIAN-BASED EOL (End of Life) Symbol / Motorola / Zebra repairs

Our MC7XX series refurbish package deal fixes **ALL COMMON FAULTS**

Contact us for a quotation

The refurbish package fixes most issues by replacing:

- Backup battery
- Scanner flex cable, if needed
- Antenna replacement, if needed
- Replacement speaker, if needed
- Keyboard plastic buttons, if worn or missing
- Hand strap and stylus, if worn or missing

- Rubber seal with side buttons, if worn or missing
- Screen cracks, scratches, dents and sensitivity issues that can be resolved by replacement of the digitiser at the front of the LCD
- Battery cover, if worn out or the locks are damaged
- SD card cover, if missing.

We offer FREE inspection and quote – no charge for return if quote not accepted

Contact us: info@purposebuilt.com.au or +61 2 9906 7300

Also, bulk repair discounts are available!
